

WAIVER OF WRITTEN TESTS FOR ADMISSION 2022-2023

Applicants to B Stat and B Math programmes who are INMO awardees

In the previous years, the written test was waived for applicants to either of these programmes who have been selected as INMO AWARDEES to participate in the International Mathematics Olympiad Training Camp (IMOTC). **There will be no such waiver in the 2022-23 admission tests.**

Applicants to M Tech (CS) and M Tech (CrS) programmes with valid GATE scores

In the previous years, the written test was waived for applicants to either of these programmes with a valid GATE score above a threshold level. **In the 2022-23 admission tests, there will be a separate channel for admission of these candidates.** Please see Selection Policy for details. These candidates are required to apply, like all other candidates, through the application portal.

Applicants to JRF Programmes holding a master's degree from ISI

Till 2020-21 admission tests, the written test was waived in respect of qualifying applicants who had obtained a Master's degree in the relevant discipline from the Indian Statistical Institute. **There will be no such waiver in the 2022-23 admission tests.**

Applicants to JRF in Computer Science holding a fellowship

Applicants to the JRF Programme in Computer Science, who hold a Junior Research Fellowship in this area based on a written admission test nationally conducted by CSIR/ UGC, **may apply for admission through a separate channel consisting of a shorter written test followed immediately by an interview.** Please see the [admission notice](#) of this channel for details.
